

May 8, 2020

This is an emerging and dynamic situation, therefore our data and recommendations are subject to change. North Central Health District (NCHD) is part of the Georgia Department of Public Health (DPH) and serves individuals residing in 13 Central Georgia counties: Baldwin, Bibb, Crawford, Hancock, Houston, Jasper, Jones, Monroe, Peach, Putnam, Twiggs, Washington, and Wilkinson. This report describes the NCHD operations in response to the COVID-19 pandemic.

The purpose of this report is to provide situational awareness to our district partners and community members.

Workforce

NCHD has a total of 314 employees. Since before the response to COVID-19 started, NCHD staff have been planning and preparing for the response. In January 2020, the Epidemiology and Emergency Preparedness programs began watching the situation closely, educating partners, and monitoring travelers. Today, we have scaled back our normal operations to be able to respond to this even appropriately and have 150 employees dedicated full time to the response with many additional employees assisting on an as needed basis. Public health staff are working on a variety of tasks from epidemiology (which includes data management, case investigation, contact tracing, and outbreak investigations), PPE Distribution, Partner Coordination, SPOC operations, and ensuring our regulated facilities are operating according to the newest executive order. In addition to our workforce, NCHD has assistance from 3 National Guardsman for courier support and have received 7 temporary staff from the state office that are assisting with Epidemiology and SPOC operations.

Personal Protective Equipment Supply Distribution

The information in this portion of the report is accurate as of 5/1/2020 at 8AM.

PPE has been an essential element for the safe response to COVID-19. Inventory stockpiled at the local, district, and regional Public Health, Healthcare Coalition, and EMA level, along with State Department of Public Health and GEMA levels, Federal supplies from CDC and HHS/ASPR Strategic National Stockpile, and FEMA acquired materials are all being pushed out to public health, healthcare, public safety, and critical infrastructure organizations and facilities. Items such as N95 masks, surgical masks, gowns, gloves, face shields, hand sanitizer, thermometers and other supplies are received as orders through either the Department of Public Health or County EMA resource request process, assessed and allocated at the State RSS warehouse, and ultimately shipped to and picked up from the District Public Health team. Allocations are shipped three times a week.

Distributed To:

PPE Type	Healthcare Facilities	EMA and Other Partners
	Total: 214	
N95 Mask	62,548	25,080
Surgical Mask	125,650	23,800
Face Shields	28,231	2,648
Gowns	7,982	355
Gloves	278,440	81,190
Coveralls	11,231	1,600
Shoe Covers	9,555	50
Surgical Caps	1,400	
Thermometers	10	309
Safety Goggles		200
Hand Sanitizer	38,583.056 oz	11,682.8 oz
Disinfectant Cleaner	24 qts	
Body Bags		30

Specimen Points of Collection (SPOC)

On March 18, 2020, NCHD stood up our first SPOC in Houston County, in the following weeks we expanded to 3 additional locations in Jasper, Jones, and Washington Counties. The activities of these locations were limited in capacity due to state-supplied specimen collection kits. On 4/17/2020, due to an increase in the state's capacity to supply specimen collection kits, we opened our fifth location in Bibb County. On 5/3/2020, we will be expanding testing again. This time to all 13 of our county health departments. Houston and Macon-Bibb County Health Department SPOCs will operate seven days each week while the other 11 county SPOCs will operate on select days of the week, the schedule for the week of May 11, 2020, is below.

Anyone in need of testing through these sites must call the Testing Line at **1-844-987-0099** for screening and referral. SPOC sites are only open to individuals with scheduled appointments.

	County Health Department	Sunday	Monday	Tuesday	Wednesday	Thursday	Friday	Saturday
COVID-19 Testing Open Daily	Houston	1 p.m. - 4 p.m.	8:30 a.m. - 5 p.m.	8:30 a.m. - 5 p.m.	8:30 a.m. - 5 p.m.	8:30 a.m. - 5 p.m.	8:30 a.m. - 5 p.m.	9 a.m. - 3 p.m.
	Macon-Bibb	1 p.m. - 4 p.m.	8:30 a.m. - 5 p.m.	8:30 a.m. - 5 p.m.	8:30 a.m. - 5 p.m.	8:30 a.m. - 5 p.m.	8:30 a.m. - 5 p.m.	9 a.m. - 3 p.m.
COVID-19 Testing Open Select Days	Baldwin		9 a.m. - 4 p.m.				9 a.m. - 4 p.m.	
	Crawford					9 a.m. - 4 p.m.		
	Hancock				9 a.m. - 4 p.m.			
	Jasper			8:30 a.m. - 5 p.m.			8:30 a.m. - 5 p.m.	
	Jones		8:30 a.m. - 5 p.m.		8:30 a.m. - 5 p.m.		8:30 a.m. - 5 p.m.	
	Monroe				9 a.m. - 4 p.m.			
	Peach				9 a.m. - 4 p.m.			
	Putnam					9 a.m. - 4 p.m.		
	Twiggs			9 a.m. - 4 p.m.				
	Washington		8:30 a.m. - 5 p.m.	8:30 a.m. - 5 p.m.		8:30 a.m. - 5 p.m.		
	Wilkinson					9 a.m. - 4 p.m.		

Below is a summary of the Public Health SPOC activities.

The information in this portion of the report is accurate as of 5/8/2020 at 8AM.

 Specimens Collected

Epidemiology - Overview

NCHD's Epidemiology Program is responsible for investigating every reported case of laboratory-confirmed of COVID-19. The following information describes the activities of the epidemiology program and provides a description of the current situation with the district.

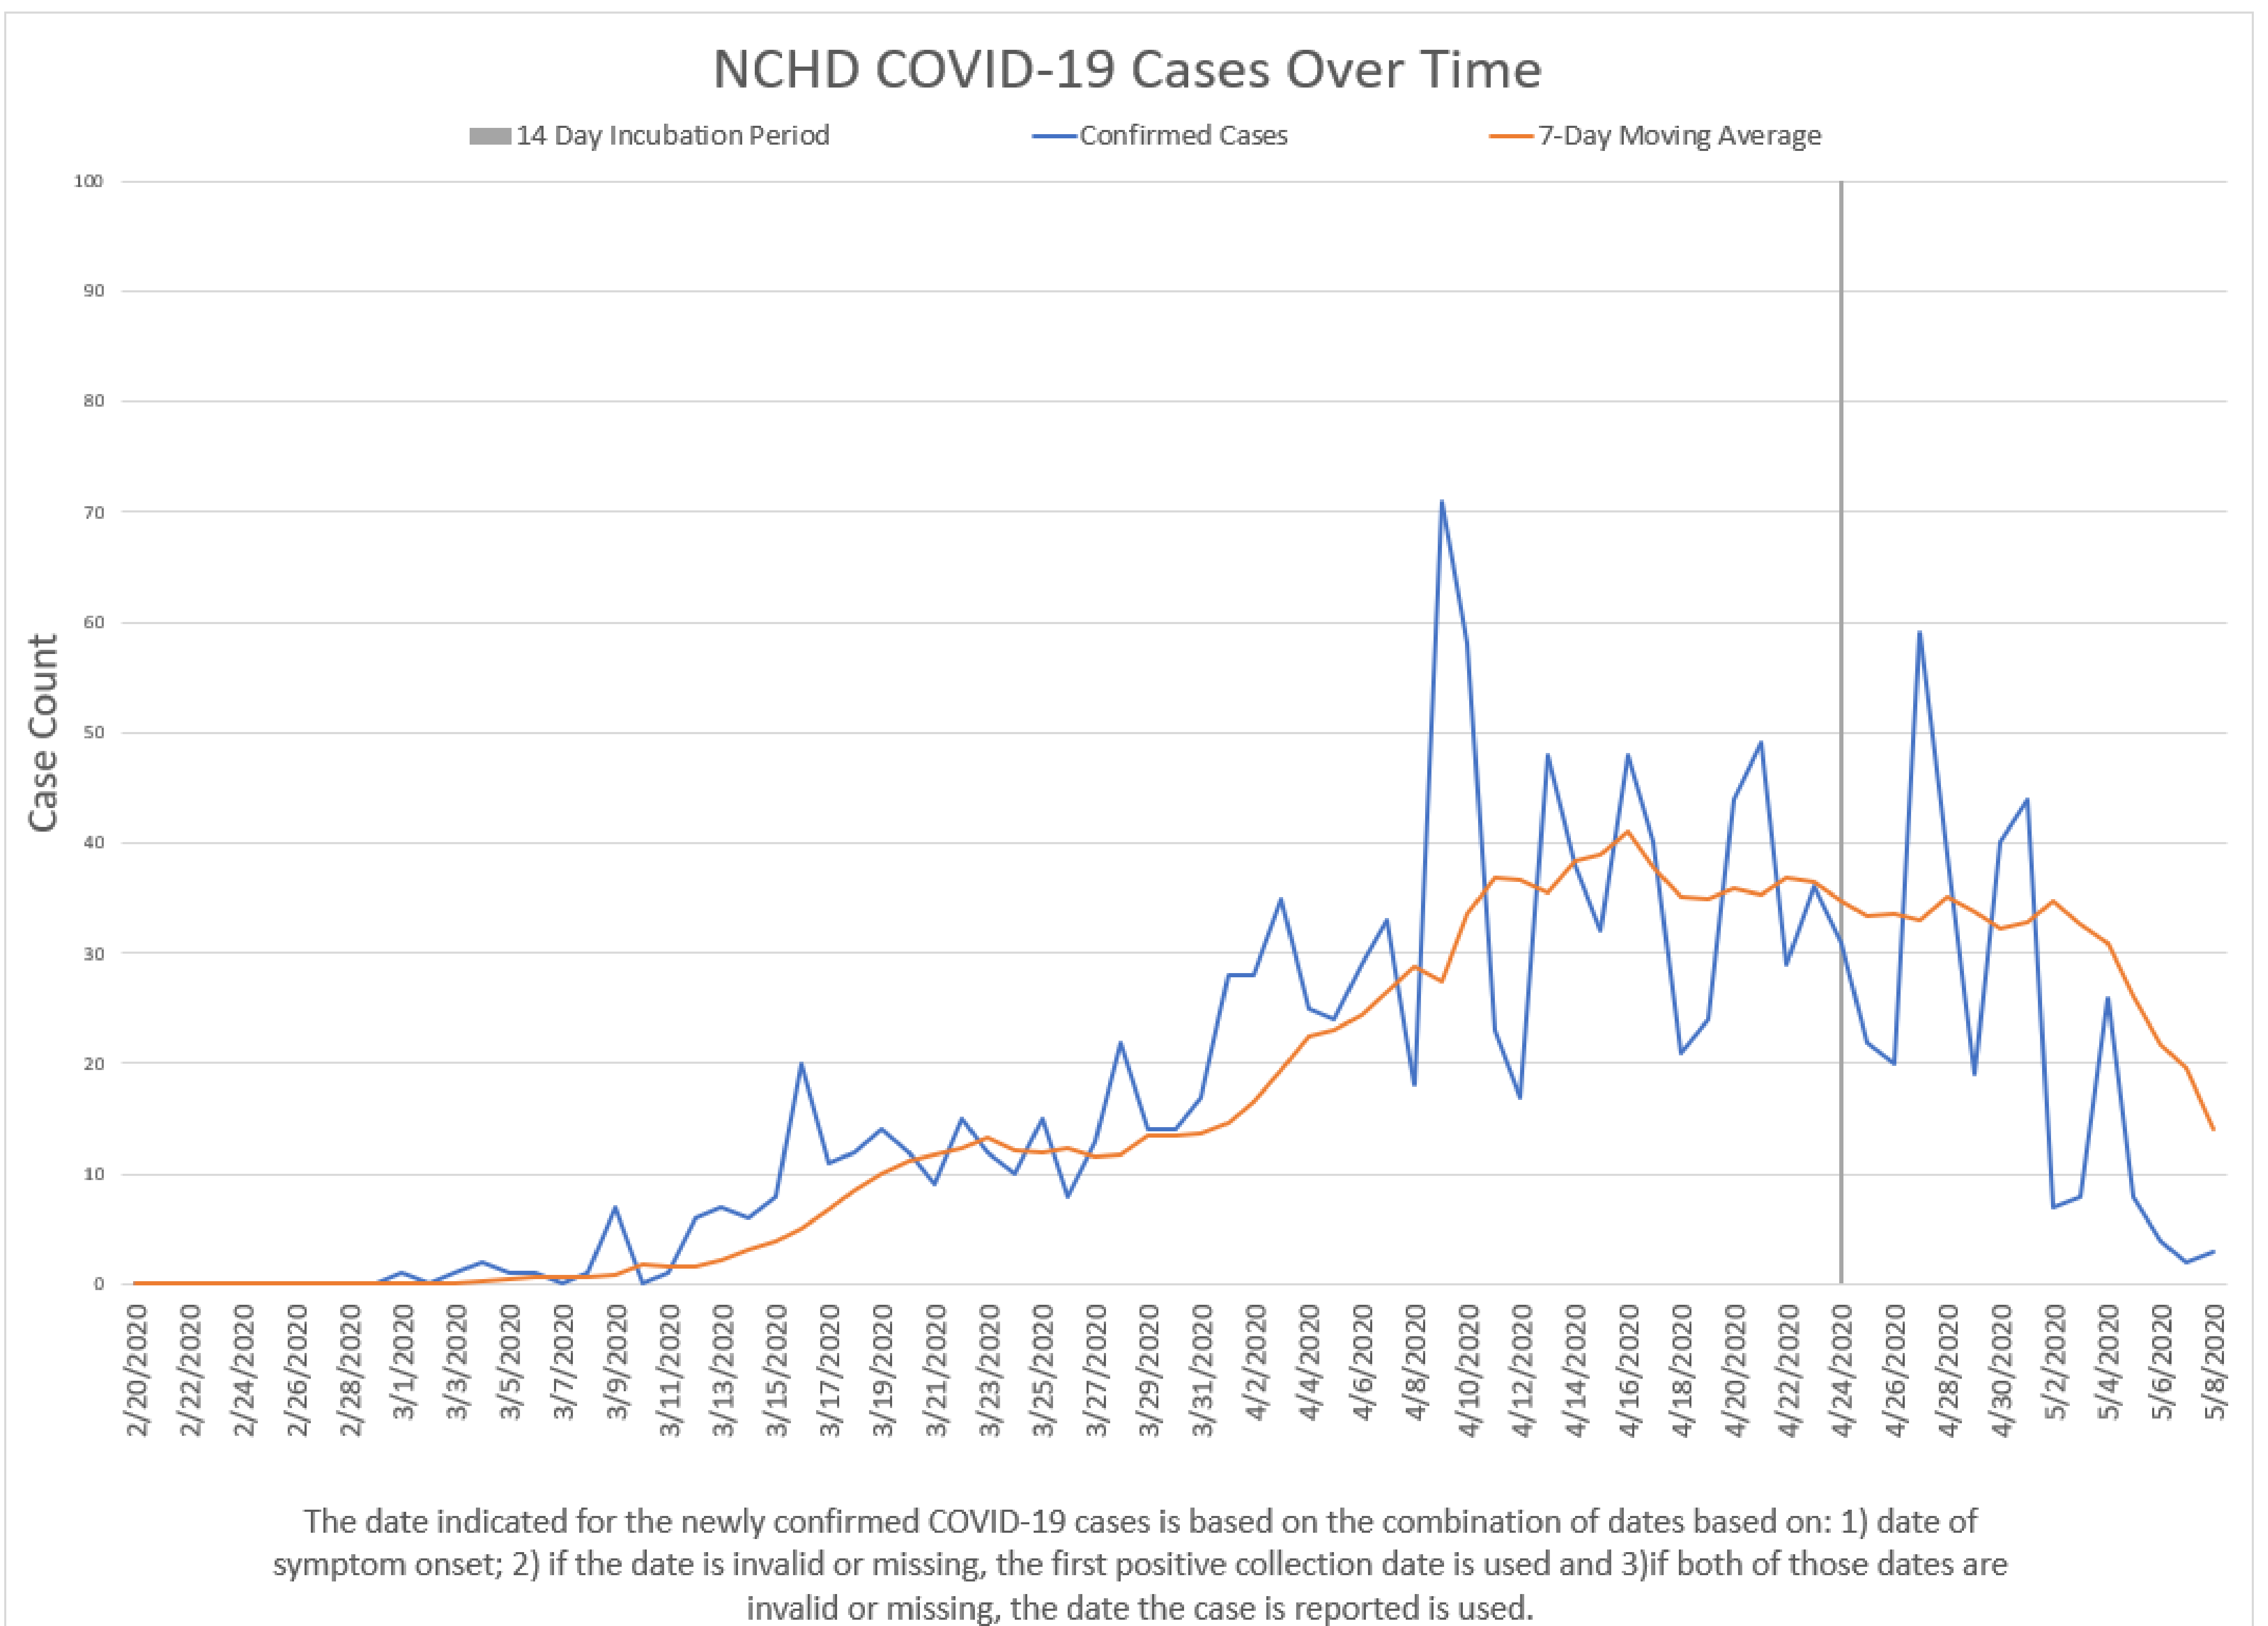

The NCHD Epidemiology program has closed 94% of laboratory-confirmed cases that were reported prior to 5/1/2020.

The information in this portion of the report is accurate as of 5/8/2020 at 5PM.

Total Number of Confirmed and Presumptive	1,388
Median Age (Age Range)	55 (1-100 Years)
Hospitalizations	327 (24%)
Deaths	60 (4.32%)
Deaths Median Age (Age Range)	71 (29-96 Years)
Deaths that were Hospitalized	49 (82%)

County	Total Case	Total Hospitalizations	Total Deaths
Baldwin	271	57	12
Bibb	386	105	15
Crawford	19	4	0
Hancock	120	15	3
Houston	284	82	15
Jasper	26	4	0
Jones	31	4	0
Monroe	34	7	4
Peach	62	16	2
Putnam	54	11	6
Twiggs	8	3	0
Washington	53	5	1
Wilkinson	40	14	2
Total	1388	327	60

*Based on patient county of residence when known

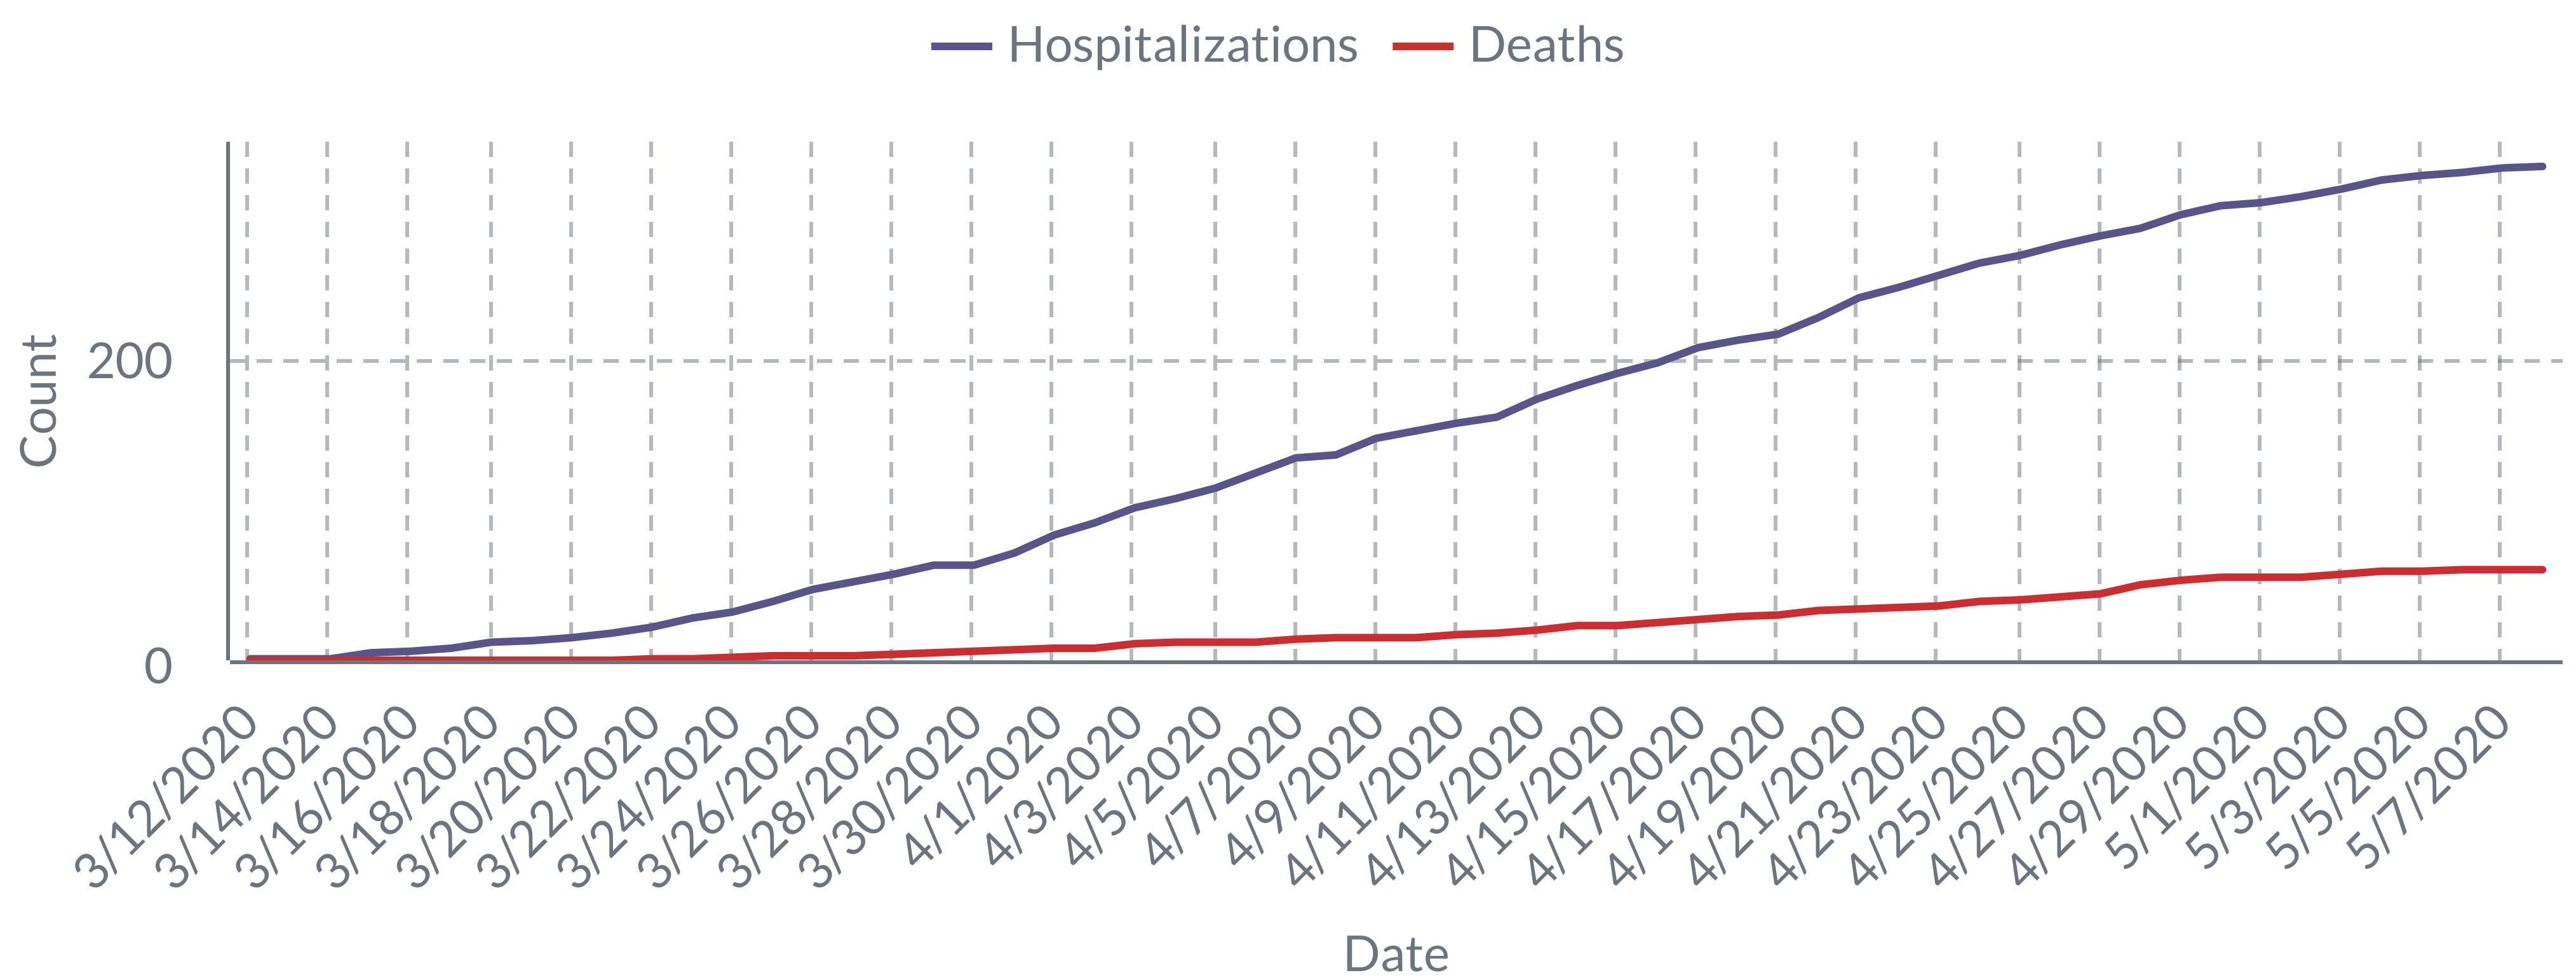

* 14-day window - Confirmed cases over the last 14 days may not be accounted for due to illnesses yet to be reported or test results may still be pending.

Note - Data during the reporting period may be incomplete due to the lag in time between when the case was tested and/or reported and submitted to the Georgia DPH for reporting purposes. This delay can vary depending on the testing facility and/or jurisdiction.

Epidemiology - Overview

Hospitalizations and Deaths Over Time

40% of Hospitalized Cases have been reported as being discharged.

38% of Deaths are associated with a congregate setting outbreak.

Age Distribution of Cases

<11 (0.43%) 11-24 (5.97%) 25-34 (11.01%)
35-54 (30.94%) 55+ (51.65%)

Race Distribution of Cases

Asian (1.44%) Black (50.65%) Other (1.51%)
White (27.34%) Unknown (19.06%)

Gender Distribution of Cases

Male (41.58%) Female (56.55%)
Unknown (1.87%)

Underlying Health Conditions

Yes (52.09%) No (21.15%)
Unknown (26.76%)

Epidemiology - Open Congregate Setting Outbreaks

Any congregate location experiencing a respiratory outbreak is a concern for COVID-19. This includes long-term care facilities, skilled nursing homes, other healthcare settings, jails, churches, schools, businesses etc. A single laboratory-confirmed case in either an employee or resident of a congregate facility that is identified by epidemiology is classified as an outbreak for this response. Due to the reporting, interview, and data analysis processes, there may be delays in reporting cases as an outbreak. The Epidemiology Program is working closely with all partners to ensure data accuracy. The information in this list is accurate as of 5/8/2020 at 12PM.

Facility Name	County	Number of Reported Cases		Number of Confirmed Hospitalizations	Number of Confirmed Deaths	Investigation Status
		Staff	Resident			
Antebellum Arlington Place	Bibb	11	36	10	2	Ongoing, Infection Prevention Assessment Scheduled, National Guard Cleaning, Mass Testing
Baldwin State Prison	Baldwin	2	11	2	0	Ongoing, Infection Prevention Assessment Complete
Bibb County Jail	Bibb	0	4	0	0	Ongoing, Infection Prevention Assessment Complete

Zebulon Park Health and Rehab	Bibb	1	2	3	1	Ongoing, Infection Prevention Assessment Complete, National Guard Cleaning

*Allocation of National Guard resources are not coordinated with local public health. It is possible for a facility to have had these resources allocated without the knowledge of public health. Starting on 4/23/2020, NCHD Epidemiology incorporated requesting information regarding these resources into their outbreak investigation process and have started submitting requests on the behalf of the facilities as deemed appropriate during the investigation.
